

Charlottesville High School Bands

Greetings,

The Charlottesville High School Band Program is in the process of its annual community partnership program. This is your opportunity to connect with the Charlottesville High School Band Program which has performed all over Virginia and on an international stage before millions of spectators. Your support will go toward helping students cover the cost of participation and help us continue to achieve at a high level.

All levels of donations are appreciated and come with the gratitude of the boosters and the students that you support. Donations of \$300 or more will receive recognition from the band program in its annual events. Our annual events include:

- The Cavalcade
- Trophy sponsorship at the Cavalcade
- Fall Concert, Pre-Assessment Concert, and the Spring Concert
- Band on the Run 5K

Support will be tiered along with recognition from the band. Partners can choose where they wish to be recognized. Any supporters of \$50 will receive 2 tickets to the Cavalcade on October 5 through email or will-call.

- Tier 1: \$300-\$499 will be recognized at one of the above options
- Tier 2: \$500-\$749 will be recognized at two of the above options
- Tier 3: \$750-\$999 will be recognized at three of the above options
- Tier 4: greater than \$1,000 will be recognized at all of the above options

This year the boosters have 2 primary goals and a stretch goal. One of the main missions of the booster program is to make marching band a possibility for every student regardless of their ability to pay marching band dues and instrument rental fees.

- Our first goal is to fully support up to 15 students to join the marching band. Band dues are \$200 and if they need an instrument our rental fee is \$100. At \$300 per marcher and 15 marchers, the total is \$4,500
- Our second goal is to fully support extra specialized instruction throughout the school year with specialists on their specific instrument. We hope to bring out 8 instructors throughout the year at \$1,000 for the year totaling \$8,000
- Our stretch goal is to purchase an ATV/side by side to facilitate hauling our equipment from the band room to the football stadium. This piece of equipment should cost \$8,000-\$10,000

You can support the program via credit card via [a link on our website](#) or by sending a check made out to the Charlottesville High School Band Boosters 1400 Melbourne Rd Attn: Jason Hackworth Charlottesville, VA 22901. Please also send a note indicating where you want to be featured in our programs throughout the year.
